Run to freedom

Looking for 25 people who want to make the change of a life time!

You'll get life time access to the Prosperity Program a 16 part Program designed for you to finally take the leap in the right direction. But not just any desire, we'll focus on finding your true expression, the place in life you're truly designed for.

We'll remove all your taught limitations and learn ways for your mind to go straight to the solution instead of thinking of reasons to stop. Making sure that YOU reach a breakthrough you'll never forget! This is still a MVP (minimum viable product) and will be improved many times, with lots of bonuses to come. I'll be proud to lead you on your way and hope to read and see about you in the future. There is currently (before I drop this offer) already an enrollee and God bless her. She's the reminder I should focus on the individual person first and realise how much impact this really is. Hearing her call the Prosperity Program a master piece and seeing her energy shift so fast empowered me even more.

And I want to improve this even more. That's why I'm seeking 25 people (those who want to do good in this world and care for our future). It doesn't matter if you're an aspiring entrepreneur, "too old for change" or barely started in life yet. You will find the realisations you need, rationalise towards smarter actions and enable yourself to reach more extraordinary results. If this sounds too good, I get it. I was there too. It's not me you're doubting it's the past/ current self.

And I'll in no way want anyone not feeling ready to do this, even if this is about forming your self to be the person that can. Then please just join my newsletter and in about 2 years I'll buy you the book that Irene (my first customer) will write. It was a surprise to hear her that she was going to write a book about this experience AND ME less than two weeks of having access to this information. And I'll make sure you'll be even happier during our 3 months.

Information that you'll not find anywhere else, because this is more about me bridging the gap between the unseen connections within emotional intelligence and human nature. "My dream is to help businesses be better for our planet, the employees and customers. (Which I'll be doing after our 12 weeks together when I move to Australia).

I got so hooked on why some entrepreneurs could create such mind blowing results (also how Irene described the Prosperity Program) Anyways, I look forward to seeing your transformation and speaking to you! Use the code MVP33 and you get 33% off! **I'M IN (You get instant access to the program the moment you make the right decision)** From your friend Sebastian; peace, love and happy growing! This is just the tip ;)
